Title of Plan & Location
Santolina Level B Master Plan - Located in the Southwest Mesa and is generally bound by I-40 to the north, 118th Street and the escarpment open space to the east, Dennis Chavez Boulevard on the south, and the escarpment area adjacent to and just west of Shelby Drive on the west (see attached Zone Atlas composite)

LEGAL DESCRIPTION (if application is for specific parcels) Please see attached UPC Codes

PROPERTY SIZE IN ACRES 4.243.1 acres

BRIEF SUMMARY OF THE REQUEST
We are requesting a Special Project Review of a Planned Communities Criteria Level B Master Plan, known as the Santolina Level B Master Plan. The predecessor of this Level B Plan is the Santolina Level A Master Plan, which was approved on June 10, 2015 by the Bernalillo County Board of Commissioners along with a Zone Map Amendment to the Planned Communities Zone. The associated Development Agreement was recorded on August 10, 2015.

Application must include the following:
☑ Owner’s name and Address
☑ Agent’s name and address (if necessary, accompanied by a letter of authorization signed by the property owner)
☑ Uniform property code number(s) (if application is for specific parcels)
☑ Written statement describing the request
☑ Proof of neighborhood notification
☑ 5 Copies of the new plan (if applicable)

We are providing 12 hard copies (11 bound, 1 unbound) and 25 CDs, per instructions from Cathlene VerEelewe.

I hereby acknowledge that I have read this entire application and affirm that all of the provided information is correct. I agree to comply with the requirements of Bernalillo County and the State of New Mexico as outlined in all applicable laws, ordinances and regulations.

Rev 10/13
SIGN POSTING INSTRUCTIONS

As required by the Comprehensive Zoning Ordinance of Bernalillo County, persons scheduled for hearing are required to post and maintain one or more signs on their property to assist in advertising the application and describing its purpose. Applicants, or their agents, will receive their signs at the time their application is filed.

1. LOCATION
   a. Signs shall be conspicuously located on the property and within twenty (20) feet of any property line that abuts a street. Signs must be placed at the edge of the property closest to the street if the property does not abut a street.
   b. The face of the sign shall be parallel to the street. The bottom of edge of the sign shall be at least two (2) feet, but not more than seven (7) feet, above grade.
   c. No barrier shall prevent a person from coming within five (5) feet of the sign in order to read it.

2. NUMBER
   a. A sign shall be placed on each street frontage abutting the subject property.
   b. If the property does not abut a street, a sign must be placed at the edge of the property nearest the public street.

3. DURATION OF POSTING
   a. Signs are to be posted 15 days before and after the hearing date.
   b. Failure to properly post and maintain the sign(s) is grounds for deferral or denial of the request.

Posting Suggestions:
Heavy stakes with crossbar supports or plywood backing typically works best to keep the sign in place, especially during high winds. Signs will tear less easily if they are attached to the support system with large-headed nails or staples.

I acknowledge that I have read and understand the "Sign Posting Instructions". I also understand my obligation to post the provided signs for the required period of time, as well as their proper posting location(s).

[Signature]
Signature of applicant / agent

Subject: Santolina Level B Application Questions

Enrico and Kathryn,

We are preparing our application for the Santolina Level B Plan and wanted to check in with you on the requirements for this submittal. Based on our review of the Level A application, we are anticipating submittal of the following:

1. Letter of Authorization – we anticipate using the same authorization letter, since nothing has changed, it is dated 2012. We need a current authorization letter, with the current agents included.
2. Legal Description with a boundary survey exhibit for the specific property under consideration
3. Uniform Property Code Number(s) for the specific property under consideration
4. Explanation Letter, with policy support (since the zoning has been established, Resolution 116-86 does not apply), this should include a section/document that addresses the status of meeting each of the Conditions of approval for the Level A Plan.
5. Proof of neighborhood notification. Get current information from Darrell Dady.
6. Santolina Level B Master Plan (12 hard copies-11 bound, 1 unbound, 25 CDs), including detailed zoning. Yes that would be the correct number of copies.
7. Documentation (e.g., technical appendices) for addressing PCC Level B submittal requirements pages 38-40 (transportation, water, wastewater, stormwater, financial feasibility/economic plans were submitted in 2013 for Level A). We would need two copies of each technical appendix, one bound one unbound with a digital version of each.

Also, can you provide us with an application fee amount? At Level A, it was $200 for the plan review. Yes it would be $200. The zoning fee was established separately.

Thank you,

Jim Strozier, AICP

Hello Malak, Thanks for your e-mail. Attached is the application form (along with sign and neighborhood notification instructions) for ‘Special Project Review’ that you will need to complete for the Santolina Level B application. It currently does not appear on the County website. The document you forwarded from 2013 was provided by our office as a receipt at the time of the Level A application. You will receive a similar document when you submit the new application. Let me know if you have any other questions. Thanks, Catherine

Subject: RE: Santolina Level B Application Questions

Thank you, Catherine. We have a letter of Authorization from 2015 that we will provide.

We used the attached form for our previous Level A application. I can’t seem to find this Special Project Review form on the County’s website. Can you please email it to me?

Thank you,
Malak

BERNALILLO COUNTY
PLANNING & DEVELOPMENT SERVICES DEPARTMENT

NEIGHBORHOOD ASSOCIATION NOTIFICATION
AND RECOGNITION ORDINANCE NO. 94-4

PURPOSE OF ORDINANCE. The purpose of this ordinance is to provide the Neighborhood Associations, in the unincorporated area of Bernalillo County, with an early notification process for all public hearings held by the Bernalillo County Planning & Development Services Department, and any major County projects affecting neighborhoods. Early notifications will help identify and possibly resolve potential conflicts involving neighborhoods, the private sector, and Bernalillo County, prior to the public hearing.

NOTIFICATION PROCESS. Prior to filing an application concerning a matter to be heard by the Bernalillo County Planning Commission, the developer/agent must notify (in writing) the affected neighborhood association(s) which covers, abuts, or is across public right-of-way, from the site of their proposal. A notified association representative must respond back to the applicant within two weeks (14 days) from receiving the written notice.

Written notice must be through certified letter (containing information outlined below), return receipt requested, mailed to two designated neighborhood representatives on file at the County Planning & Development Services Department. Failure to submit notification to the association representatives shall be grounds for the neighborhood to request deferral of a hearing.

Certified letters must include the following information:

1. Brief description of proposal including any justification deemed appropriate (i.e. requesting a zone change from A-1 to C-1 on property located at _______ street, for the purpose of establishing _______).
2. Zone Atlas Map page.
3. Legal Description along with actual street names, addresses and intersections.
4. Site plan—when applicable—(should include typical building elevations, location of proposed buildings, street layout and any other relevant information). Site plans do not have to be blue print final and could be preliminary drawings.
5. Agent/applicants name, address, phone number, (and fax if available). If more than one agent/applicant is listed, information must be provided for all those listed.

Please Contact Darrell Dady, Neighborhood Coordination Specialist, at 468-7364 or at ddady@berne.co.gov for a list of the current County-Recognized Neighborhood Association representatives. A notification form will be issued by the Neighborhood Program Coordinator, which must be submitted with your application along with the notification requirements.

Re: Submittal of the Santolina Level B Master Plan

Dear Mr. Mahoney, Ms. Fernandez, & the South Valley Coalition of Neighborhood Associations:

The purpose of this letter is to inform you that we have submitted a Special Project Review application for a Planned Community Level B Master Plan, known as the Santolina Level B Master Plan (on behalf of Western Albuquerque Land Holdings LLC). The Master Plan is a Level B Master Plan in accordance with the Planned Communities Criteria as approved by the Bernalillo County Commission on May 22, 2012. The predecessor of this Level B Plan is the Santolina Level A Master Plan, which was approved on June 16, 2015 by the Bernalillo County Board of Commissioners along with a Zone Map Amendment to the Planned Communities Zone. The associated Level A Development Agreement was recorded on August 10, 2015.

The Level B Master Plan covers approximately 4,243 acre of the Santolina Level A Plan area. The Level B Plan area is located on the Southwest Mesa and is generally bounded by Interstate 40 to the north, 118th Street and the escarpment open space to the east, Dennis Chavez Boulevard on the south, and the escarpment area adjacent to and just west of Shelly Drive on the west (See attached Zone Atlas composite).

The legal description for the property is provided in the attached survey for the Santolina Level B boundary.

In order to provide additional time for county staff and agency review, the application is anticipated to be heard at the County Planning Commission hearing scheduled for March 2, 2016 at the Vincent Griego Chambers located in the basement of the City/County Building. Please feel free to contact me at 764-9801 or at cp@consensusplanning.com if you have questions, require any additional information, or would like to schedule a meeting.

Sincerely,

James K. Strozier, AICP

SANTOLINA LEVEL B PARCEL 1

DESCRIPTION

A certain tract of land situate within the Town of Albuquerque, within projected Section 5 and 6, Township 10 North, Range 1 East and projected Section 31 and 32, Township 10 North, Range 1 East. New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Tract 3 (T3) South Tract Parcel ST-1 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010128590, and as shown on Boundary Survey Plat of Lands of WestEnd DeCo filed September 4, 2008 as Book 2008, page 133 as Document 20080908567 and also being all of Parcel 89 and 90-84 as the same are shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010128590. being and comprising a portion of Tracts 21B thru 221, and all of Tracts 210 and Tracts 222 thru 225, Row 1, Unit B, West of the Original Townsite of Westend, as the same are shown and designated on the unfiled Plat thereof, excepting therefrom a portion of right-of-way for Interstate 40 and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Central Zone) and ground distances as follows:

BEGINNING at a found 15” aluminum cap stamped “K & P WST 38” at the northwest corner of the tract herein described, identical to the northwest corner of said Parcel ST-1, WHENCE the USC & GS brass disc stamped “PAST 1988” having New Mexico State Plane grid coordinates (NAD 83 Central Zone) N=1,471,749.997 and E=1,470,926.961 bears 38° 04’ 27” E a distance of 17,009.76 feet;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-1, N 74°58'26" E a distance of 676.05 feet to the southwest corner of Parcel 93-94;

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcels 93-94, the following five (5) courses:

N 15°00’29″ W a distance of 706.23 feet to a found rebar;
N 74°58’20″ E a distance of 959.66 feet to a found rebar;
S 15°01’48″ E a distance of 268.09 feet to a found iron pipe;
N 74°58’24″ E a distance of 89.88 feet to a found rebar;
S 15°01’45″ E a distance of 437.20 feet to a found rebar at the southeast corner of said Parcels 93-94, identical to a point along the northerly boundary of said Parcel ST-1;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-1, N 74°58’26″ E a distance of 55.93 feet to a found rebar at the southwest corner of Parcels 90-92;

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcels 90-92, the following three (3) courses:

N 15°02’31″ W a distance of 437.20 feet to a found rebar;
N 74°58’24″ E a distance of 1049.90 feet to a found 1" iron pipe;
S 15°02’31″ E a distance of 437.21 feet to a found rebar at the southeast corner of said Parcels 90-92 and a point along the northerly boundary of said Parcel ST-1;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-1, the following three (3) courses:

N 74°58’26″ E a distance of 384.13 feet;
400.18 feet along an arc of a curve to the right, having a radius of 4796.64 feet, a central angle of 4°46’49" and a chord bearing N 77°21’37" E for a distance of 400.07 feet;
79°45’08" E a distance of 309.14 feet to a found rebar at the southwest corner of Parcel 89;

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 89, the following three (3) courses:

N 10°07’41″ W a distance of 751.39 feet to a found rebar;
N 79°45’20″ E a distance of 209.64 feet to a found rebar;
S 10°08’14″ E a distance of 751.35 feet to a found rebar at the southeast corner of said Parcel 89 and a point along the northerly boundary of said Parcel ST-1;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-1, N 79°45’08" E a distance of 1131.15 feet to the northeast corner of the tract herein described, identical to the northeast corner of said Parcel ST-1 and a point along the westerly right-of-way for Shelly Drive;

(CONTINUED ON SHEET 2 OF 3)
SANTOLINA LEVEL B PARCEL 1

DESCRIPTION
(CONTINUED FROM SHEET 1)

THENCE along the easterly boundary of the tract herein described, coincident with the westerly boundary of the right-of-way for Shelly Drive, the following three (3) courses:

S 10°20'30" E a distance of 52.17 feet;
883.85 feet along an arc of a curve to the right, having a radius of 4780.89 feet, a central angle of 10°35'32" and a chord bearing S 5°02'44" E for a distance of 882.59 feet to a found rebar;
S 0°17'59" W a distance of 3966.39 feet to the southeast corner of the tract herein described and a point along the westerly boundary of the right-of-way for Shelly Drive;

THENCE along the southerly boundary of the tract herein described, S 89°41'12" W a distance of 4834.43 feet to the southwest corner of the tract herein described and a point along the westerly boundary of said Parcel ST-1;

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Parcel ST-1, the following two (2) courses:
N 5°28'17" W a distance of 3613.31 feet to a found 1.5" brass disc stamped "K&P NE COR TRACT 3";
N 5°28'00" W a distance of 111.06 feet to a found 1.5" brass disc stamped "K&P WST 36" at the northwest corner of the tract herein described and the POINT OF BEGINNING.

The above described tract contains ± 535.9477 acres, more or less

CERTIFICATION

I, Robert Gromatzky, a registered Professional New Mexico Surveyor, certify that I am responsible for this survey and that this legal description was prepared by me or under my supervision, shows all easements of record, and conforms to the Minimum Requirements of the Board of Registration for Professional Engineers and Professional Surveyors and is true and accurate to the best of my knowledge and belief.

SANTOLINA LEVEL B PARCEL 1 EXHIBIT

DATE: 12/14/2015  REVISION NO. 0  SHEET: 2 OF 3
SANTOLINA LEVEL B PARCEL 2

DESCRIPTION

A certain tract of land situated within the Town of Atascocita Grant, within projected Sections 4 and 5, Township 9 North, Range 2 East and projected Sections 33 and 34, Township 10 North, Range 1 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Tract 3 (33) South Tract Parcel ST-3 as is the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 20101126590, and as shown on Boundary Survey Plat of Lands of Westland DevCo filed September 4, 2008, in Book 2008, page 133 as Document 200809696 and also being all of Parcels 66 - 88 as is the same are shown and designated in Special Master’s Deed filed December 15, 2010 as Document 20101126590, and being comprising all of Tracts 196, 198 and 202, Row 1, Unit B, West of the Original Townsite of Westland, as the same are shown and designated on the unfiled Plat thereof, executing therefrom a portion of right-of-way for Interstate 40 and 60 reserved rights-of-way as described in the Judgement filed on October 28, 2015 as Doc #2015094613 in the Office of the Bernalillo County Clerk and being more particularly described by New Mexico State Plane Grid Bearings (NAD 83 Central Zone) and ground distances as follows:

BEGINNING at the northwest corner of the tract herein described, being the northwest corner of said Parcel ST-3, and a point on the easterly boundary of the right-of-way for Shelly Drive, WHENCE the USG & GS brass disc stamped “PAST 1069” having New Mexico State Plane grid coordinates (NAD 83 Central Zone) N141374.746 997 and E11470.926 991 bears S79°56’12”W a distance of 1189.73 feet;

THENCE along the northern boundary of the tract herein described, coincident with the northern boundary of said Parcel ST-3, N79°45’08”E a distance of 360.16 feet to a found rebar at the southwest corner of Parcel 68;

THENCE along the northern boundary of the tract herein described, coincident with the boundary of said Parcel 68, the following three (3) courses:

N 10°17’54”W a distance of 751.29 feet;
N 79°45’20”E a distance of 211.01 feet to a found rebar;
S 10°17’54”E a distance of 751.28 feet to the southeast corner of said Parcel 68 and a point along the northerly boundary of said Parcel ST-3;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N79°45’08”E a distance of 736.42 feet to a found rebar at the southwest corner of Parcel 87;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N79°45’08”E a distance of 209.86 feet to the southwest corner of Parcel 86;

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 86, the following two (2) courses:

N 10°17’56”W a distance of 751.21 feet;
N 79°45’20”E a distance of 210.13 feet;
S 10°17’56”E a distance of 751.20 feet to the southeast corner of said Parcel 86 and a point along the northerly boundary of said Parcel ST-3;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N79°45’08”E a distance of 583.36 feet to the northeast corner of the tract herein described;

THENCE along the easterly boundary of the tract herein described, the following eleven (11) courses:

1154.20 feet along an arc of a curve to the right, having a radius of 2925.76 feet, a central angle of 22°56’16” and a chord bearing S 4°38’03”E for a distance of 1148.82 feet;
S 0°40’39”E a distance of 507.12 feet;
S 8°57’03”E a distance of 523.49 feet;
S 8°11’37”E a distance of 350.16 feet;
S 9°48’36”W a distance of 407.04 feet;
S 8°20’39”W a distance of 231.02 feet;
E 6°39’10”W a distance of 428.55 feet;
S 3°44’14”W a distance of 318.28 feet;
S 5°08’14”W a distance of 415.49 feet;
S 1°15’48”W a distance of 516.83 feet;
S 2°08’02”W a distance of 460.60 feet to the southeast corner of the tract herein described;

THENCE along the southerly boundary of the tract herein described, the following three (3) courses:

S 8°08’29”W a distance of 1251.49 feet;
S 8°41’12”W a distance of 1300.12 feet;
S 8°41’12”W a distance of 37.20 feet to the southwest corner of the tract herein described, and a point along the easterly boundary of the right-of-way for Shelly Drive;

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of the right-of-way for Shelly Drive, the following three (3) courses:

N 01°17’56”W a distance of 3865.80 feet;
N 89°53’33”W along an arc of a curve to the left, having a radius of 4640.89 feet, a central angle of 10°39’28”E and a chord bearing N 8°02’46”W for a distance of 890.56 feet;
N 10°20’30”W a distance of 32.07 feet to the northwest corner of the tract herein described and the POINT OF BEGINNING.

The above described tract contains 309.8342 acres, more or less.

SANTOLINA LEVEL B PARCEL 3

DESCRIPTION
A certain tract of land situated within the Town of Abo Grant, within projected Sections 1 through 3 and 11 through 12, Township 9 North, Range 1 East and projected Sections 25, 26 and 34 through 36, Township 10 North, Range 1 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Parcel ST-3 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010/283990, and as shown on Boundary Survey Plats of Lands of Westland DevCo filed September 4, 2008 in Book 2008, page 133 as Document 2008/05585 and also being all of Parcel 1-B, Parcel 63 thru 64 & 68, Parcel 65 thru 66, Parcel 67 thru 68, Parcel 69 thru 72 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010/283990, being and comprising all of Tracts 134 thru 125, Tract 137, Tract 139, Tract 152-B, Tract 154 and Tracts 157 thru 160 and an easterly portion of Tract 138, Row 1, Unit B, West of the Original Townsite of Westland, as the same are shown and designated on the unified Plat thereof, excepting therefrom a portion of right-of-way for Interstate 40 and a portion of “Exception 2” as described in the Judgement filed as Document 2015/98313 on October 28, 2015, in the Office of the Bernalillo County Clerk, and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Center Zone) and ground distances as follows:

BEGINNING at a found 3.25’ brass disc stamped “ROW” at the northeast corner of the tract herein described, identical to the northeast corner of Parcel ST-3, having New Mexico State Plane grid coordinates (NAD83 Center Zone) N=1,741,145.997 and E=1,470,785.911 meters, and bearing N 500’51’S” a distance of 10,687.85 feet,

THEN along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Parcel ST-3 and westerly boundary of the right-of-way for Abo Grant Boulevard, the following two (2) courses:
S 7°40’59" W a distance of 379.07 feet to a 3.25’ brass disc stamped “ROW”,
S 9°29’57" W a distance of 1,289.36 feet to the southeast corner of the tract herein described.

THEN along the southern boundary of the tract herein described, the following two (2) courses:
S 89°41’22” W a distance of 1374.98 feet,
1341.89 feet along an arc of a curve to the left, having a radius of 6015.94 feet, a central angle of 12°46’49” and a chord bearing S 83°17’56” W for a distance of 1339.11 feet to the southwest corner of the tract herein described.

THEN along the westerly boundary of the tract herein described, the following twelve (12) courses:
N 9°29’20” E a distance of 5649.84 feet,
1947.54 feet along an arc of a curve to the left, having a radius of 3654.52 feet, a central angle of 50°27’24” and a chord bearing S 78°17’48” W for a distance of 1025.09 feet,
S 63°46’06” W a distance of 2437.85 feet,
1271.02 feet along an arc of a curve to the right, having a radius of 1875.48 feet, a central angle of 30°49’47” and a chord bearing S 82°03’34” W for a distance of 1246.84 feet,
N 80°30’02” W a distance of 220.17 feet,
1061.45 feet to the right, having a radius of 6594.58 feet, a central angle of 6°02’24” and a chord bearing N 20°13’44” E for a distance of 1010.96 feet,
4351.48 feet along an arc of a curve to the left, having a radius of 18644.49 feet, a central angle of 20°48’35” and a chord bearing N 12°07’16” E for a distance of 4277.88 feet,
N 81°42’32” W a distance of 544.32 feet,
734.45 feet along an arc of a curve to the left, having a radius of 2045.83 feet, a central angle of 20°34’09” and a chord bearing N 87°54’21” W for a distance of 730.51 feet,
S 81°46’34” N a distance of 900.09 feet,
S 79°35’32” W a distance of 1415.23 feet,
N 10°22’00” W a distance of 2360.21 feet to the northwest corner of the tract herein described, identical with a point along the northerly boundary of said Parcel ST-3.

THEN along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N 79°45’08” E a distance of 900.06 feet to a found iron pipe at the southwest corner of Parcel 60-72.

THEN along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 69-72, the following three (3) courses:
N 10°14’29” W a distance of 765.76 feet to a found “L” survey cap stamped “PS 6543”,
N 79°45’25” E a distance of 940.00 feet to a found 1” survey cap,
S 10°14’57” E a distance of 785.71 feet to a found iron pipe at the southeast corner of said Parcel 69-72, identical with a point along the northerly boundary of said Parcel ST-3.

THEN along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N 79°45’08” E a distance of 478.75 feet to a found rebar at the southwest corner of Parcel 1-B.

THEN along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 1-B, the following three (3) courses:
N 10°15’48” W a distance of 765.66 feet to a found rebar,
N 79°45’20” E a distance of 420.00 feet to a found rebar tagged “11462”
S 10°15’48” E a distance of 765.66 feet to a found rebar at the southeast corner of said Parcel 1-B, identical with a point along the northerly boundary of said Parcel ST-3.

DATE: 12/14/2015
REVISION NO: SHEET: 1 OF 4
SANTOLINA LEVEL B PARCEL 3

DESCRIPTION

(CONTINUED FROM SHEET 1 OF 4)

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N 79°45'00" E a distance of 3015.92 feet to a found 1" survey cap lagged "1148" at the southeast corner of Parcel ST-3.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 67, the following three (3) courses:

N 10°07'48" W a distance of 765.48 feet to a found 1.5" survey cap stamped "3243";
N 79°45'20" W a distance of 210.09 feet to a found 1.5" survey cap stamped "3243";
S 10°07'00" E a distance of 765.47 feet to a found iron pipe at the southeast corner of said Parcel 67, identical with a point along the northerly boundary of said Parcel ST-3.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel ST-3, N 79°45'08" E a distance of 105.87 feet to a found 1.25" survey cap lagged "1244" at the southwest corner of Parcels 65-68.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcels 65-68, the following three (3) courses:

N 12°08'40" W a distance of 765.46 feet to a found 1.5" survey cap stampd "3243";
N 79°45'20" W a distance of 313.31 feet to a found 1.5" survey cap;
S 10°14'21" E a distance of 765.44 feet to a found 1" survey cap and angle iron with washer at the southeast corner of said Parcels 65-68, identical with a point along the northerly boundary of said Parcel ST-3.

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, N 79°45'08" E a distance of 270.01 feet to a found 1" iron pipe with back at the southeast corner of Parcels 63-64 & 68.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcels 63-64 & 68, the following five (5) courses:

N 10°19'55" W a distance of 765.42 feet to a found 1.5" survey cap;
N 79°45'20" W a distance of 211.45 feet to a found rebar;
S 10°06'23" E a distance of 15.00 foot;
N 79°45'20" W a distance of 210.10 feet to a found 1.5" survey cap stamped "3243";
S 10°09'11" E a distance of 750.40 feet to a found 1.25" survey cap stamped "LS 3243" at the southeast corner of said Parcel 63-64 & 68, identical with a point along the northerly boundary of said Parcel ST-3.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel ST-3, N 79°45'08" E a distance of 667.06 feet to a found rebar at the southwest corner of Parcel 62.

THENCE along the northerly boundary of the tract herein described, coincident with the boundary of said Parcel 62, the following three (3) courses:

N 10°09'11" W a distance of 750.36 feet;
N 79°45'20" W a distance of 55.02 feet;
S 10°17'43" E a distance of 750.36 feet to the southeast corner of said Parcel 62, identical with a point along the northerly boundary of said Parcel ST-3.

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Parcel ST-3, the following five (5) courses:

N 79°45'06" W a distance of 2036.57 feet to a found 1.25" survey cap stamped "LS 11483";
S 10°39'45" E a distance of 30.16 feet to a found rebar;
N 79°45'03" W a distance of 874.73 feet to a found 1.25" survey cap stamped "LS 3243";
N 10°11'18" W a distance of 30.26 feet to a found iron pipe;
N 79°45'12" E a distance of 1744.15 feet to the northeast corner of the tract herein described, identical to the northeast corner of said Parcel ST-3 and the POINT OF BEGINNING.

The above described tract contains ± 1892.5572 acres, more or less.

LESS AND EXCEPTING THE FOLLOWING DESCRIBED PARCELS

EXCEPTION 1

A certain tract of land situate within the Town of Alamosa Grant, within projected Section 35, Township 10 North, Range 1 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being comprised of all of Exception EX-1 as the same is shown and designated in Special Master's Deed filed December 15, 2010 as Document 2010128560, and as shown on Boundary Survey Plat of Lands of Westland DevelCo filed September 4, 2008 in Book 20085, page 133 as Document 2008098567 and being more particularly described by New Mexico State Plane Grid Bearings (NAVD 83 Central Zone) and ground distances as follows:

BEGINNING at a found rebar and survey cap stamped "PS 11983" at the southwest corner of the tract herein described, identical to the southwest corner of said Exception EX-1, WHENCE the USC & GS brass disc stamped "PAST 1986" having New Mexico State Plane grid coordinates (NAVD 83 Central Zone) N1,1,471.94987 and E1,1,876.945761 bears S04°21'52"W a distance of 361.870 feet;

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Exception EX-1, N10°14'28"W a distance of 600.09 feet a found rebar and survey cap stamped "LS 11993" at the northwest corner of the tract herein described, identical to the northwest corner of said Exception EX-1;

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Exception EX-1, N79°45'46"E a distance of 437.40 feet to a found rebar and survey cap stamped "LS 11993" at the northeast corner of the tract herein described, identical to the northeast corner of said Exception EX-1;

THENCE along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Exception EX-1, S03°41'55"W a distance of 818.30 feet to a found rebar at the southeast corner of the tract herein described, identical to the southeast corner of said Exception EX-1;

THENCE along the southerly boundary of the tract herein described, coincident with the southerly boundary of said Exception EX-1, S37°46'38"E a distance of 288.59 feet to the POINT OF BEGINNING.

Tract contains ± 5000 acres, more or less.

DESCRIPTION
(CONTINUED FROM SHEET 2 OF 4)

LESS AND EXCEPTING THE FOLLOWING PORTION OF EXCEPTION 2

A certain tract of land situated within the Town of Alviso Grant, within projected Sections 34 & 35, Township 10 North, Range 1 East and projected Sections 34 & 35, Township 10 North, Range 1 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Exception EX-2 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010125690, and as shown on Boundary Survey Plot of Lands of Westland DevCo filed September 4, 2008 in Book 2008, page 133 as Document 2008092806 and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Central Zone) and ground distances as follows:

BEGINNING at the southwest corner of the tract herein described, identical to a point along the westerly boundary of said Exception EX-2, WHENCE the USC & GS brass disc stamped “PAST 1989” having New Mexico State Plane grid coordinates (NAD83 Central Zone) N=+1,471,749.997 and E=+1,470,936.961 bears S1°43’32”T W a distance of 1778.10 feet;

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Exception EX-2, N 3°40’25”E a distance of 2566.52 feet to the northwest corner of the tract herein described, identical to the northwest corner of said Exception EX-2;

THENCE along the northly boundary of the tract herein described, coincident with the northerly boundary of said Exception EX-2, S 89°07’47”E a distance of 29.93 feet to a round 1’25” survey cap stamped “LS 11993” at the northeast corner of the tract herein described, identical to the northeast corner of said Exception EX-2;

THENCE along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Exception EX-2, S 3°40’25”W a distance of 2566.53 feet to the southeast corner of the tract herein described;

THENCE along the southerly boundary of the tract herein described, S 81°42’52”W a distance of 30.02 feet to the southwest corner of the tract herein described, identical to a point along the westerly boundary of said Exception EX-2 and the POINT OF BEGINNING.

The above described tract contains 1.7635 acres, more or less.

LESS AND EXCEPTING THE FOLLOWING PORTION OF EXCEPTION 2

A certain tract of land situated within the Town of Alviso Grant, within projected Sections 34 & 35, Township 10 North, Range 1 East and projected Sections 34 & 35, Township 10 North, Range 1 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Exception EX-2 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010125690, and as shown on Boundary Survey Plot of Lands of Westland DevCo filed September 4, 2008 in Book 2008, page 133 as Document 2008092806 and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Central Zone) and ground distances as follows:

BEGINNING at the northwest corner of the tract herein described, identical to a point along the westerly boundary of said Exception EX-2, WHENCE the USC & GS brass disc stamped “PAST 1989” having New Mexico State Plane grid coordinates (NAD83 Central Zone) N=+1,471,749.997 and E=+1,470,936.961 bears N13°19’07”W a distance of 1254.11 feet;

THENCE along the northerly boundary of the tract herein described, 137.27 feet along an arc of a curve to the left, having a radius of 11864.43 feet, a central angle of 0°35’51” and a chord bearing of W1°55’37”E for a distance of 137.27 feet to the northeast corner of the tract herein described, identical to a point along the easterly boundary of said Exception EX-2;

THENCE along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Exception EX-2, S 3°40’25”W a distance of 2312.02 feet to the southeast corner of the tract herein described;

THENCE along the southerly boundary of the tract herein described, 30.04 feet along an arc of a curve to the right, having a radius of 1875.48 feet, a central angle of 0°55’04” and a chord bearing of N88°37’36”W for a distance of 30.04 feet to the southwest corner of the tract herein described, identical to a point along the westerly boundary of said Exception EX-2;

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Exception EX-2, N 3°40’25”E a distance of 2180.89 feet to the northwest corner of the tract herein described and the POINT OF BEGINNING.

The above described tract contains 1.5430 acres, more or less.

Gross Area contains 1682.1572 acres, more or less.

Exclusions contain 4.3077 acres, more or less.

Net Acreage = 1680.8495 acres, more or less.
SANTOLINA LEVEL B PARCEL 4

DESCRIPTION

A certain tract of land situate within the Town of Alamosa Grant, within projected Sections 1 and 12, Township 9 North, Range 1 East and projected Sections 6 thru 7, Township 9 North, Range 2 East and projected Section 38, Township 10 North, Range 1 East, and projected Section 31, Township 10 North, Range 2 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising a portion of Parcel ST-4 as is shown and designated in Special Master's Deed filed December 15, 2010 as Document 2010-11-2-110-006, and as shown on Boundary Survey File of Lands of Western DevCo filed September 4, 2008 in Book 2008S, page 133 as Document 2008S-00856 and being all of Parcel 2-B as the same is shown and designated in Special Master's Deed filed December 15, 2010 as Document 2010-11-2-110-006, being and comprising all of Tract 5-B-3-D Terra View Estates, as the same is shown and designated on the Plat filed and recorded in the Office of the County Clerk of Bernalillo County, New Mexico on February 18, 1998 in Book 69C, page 45, and being more particularly described by New Mexico State Plane Grid Bearings (NA83 Central Zone) and ground distances as follows:

BEGINNING at a found 125' survey cap stamped "LS 11993" at the northwest corner of the tract herein described, identical to the northwest corner of said Parcel 2-B, thence along a line bearing 34°45'48" and a distance of 90 feet to a point along the boundary of Parcel ST-4;

THENCE along the northwest boundary of the tract herein described, coincident with the boundary of said Parcel 2-B, for a distance of 864.81 feet to a point along the westernly boundary of the tract herein described, coincident with the boundary of said Parcel ST-4;

THENCE along the northernly boundary of the tract herein described, coincident with the westernly boundary of said Parcel ST-4, for a distance of 85.95 feet to a point along the easternly boundary of said Parcel ST-4;

THENCE along the southernly boundary of the tract herein described, coincident with the easternly boundary of said Parcel ST-4, for a distance of 84.00 feet to a point along the southwesternly boundary of said Parcel ST-4;

THENCE along the southwesternly boundary of the tract herein described, coincident with the southwesternly boundary of said Parcel ST-4, for a distance of 83.69 feet to the beginning.

The above described tract contains 1,523.32 acres (656.35599 sq. ft.)

DESCRIPTION

(CONTINUED FROM SHEET 1)

LESS AND EXCEPTING THE FOLLOWING DESCRIBED PARCELS

EXCEPTION 3

A certain tract of land situated within the Town of Alamosa Grant, within projected Sections 6, Township 9 North, Range 2 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising all of Exception EX-3 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010120590, and as shown on Boundary Survey Plat of Lands of Westland DevCo filed September 4, 2008 in Book 2008, page 123 as Document 200809667 and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Central Zone) and ground distances as follows:

BEGINNING at a found rebar and survey cap staked “PS 11993” at the northwest corner of the tract herein described, identical to the northwest corner of said Exception EX-3, WHERE the USC & DS brass disc stamped “CAST 1995” having New Mexico State Plane grid coordinates (NAD 83 Central Zone)

N=1,471,749.99’ and E=1,470,926.96’ bears N70°52’40”W a distance of 14,236.26 feet.

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Exception EX-3, S80°01’41”E a distance of 210.01’ to a found rebar and survey cap staked “PS 11905” at the northeast corner of the tract herein described, identical to the northeast corner of said Exception EX-3.

THENCE along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Exception EX-3, S80°35’44”W a distance of 1037.09 feet to a found rebar and survey cap staked “PS 11969” at the southwest corner of the tract herein described, identical to the southwest corner of said Exception EX-3.

THENCE along the southerly boundary of the tract herein described, coincident with the southerly boundary of said Exception EX-3, N80°02’29”W a distance of 210.06 feet to the southwest corner of the tract herein described, identical to the southwest corner of said exception EX-3.

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Exception EX-3, N03°58’53”E a distance of 1027.11 feet to the POINT OF BEGINNING.

Tract contains 5.0005 acres, more or less.

EXCEPTION 4

A certain tract of land situated within the Town of Alamosa Grant, within projected Sections 6 and 7, Township 9 North, Range 2 East, New Mexico Principal Meridian, Bernalillo County, New Mexico, being and comprising all of Exception EX-4 as the same is shown and designated in Special Master’s Deed filed December 15, 2010 as Document 2010120590, and as shown on Boundary Survey Plat of Lands of Westland DevCo filed September 4, 2008 in Book 2008, page 123 as Document 200809667 and being more particularly described by New Mexico State Plane Grid Bearings (NAD83 Central Zone) and ground distances as follows:

BEGINNING at a found rebar and survey cap staked “PS 11905” at the northwest corner of the tract herein described, identical to the northwest corner of said Exception EX-4, WHERE the USC & DS brass disc stamped “CAST 1995” having New Mexico State Plane grid coordinates (NAD 83 Central Zone)

N=1,471,749.97’ and E=1,470,926.96’ bears N70°52’40”W a distance of 14,236.26 feet.

THENCE along the northerly boundary of the tract herein described, coincident with the northerly boundary of said Exception EX-4, S80°03’43”E a distance of 210.03 feet to a found rebar and survey cap staked “PS 11993” at the northeast corner of the tract herein described, identical to the northeast corner of said Exception EX-4.

THENCE along the easterly boundary of the tract herein described, coincident with the easterly boundary of said Exception EX-4, S80°35’43”W a distance of 1037.09 feet to a found rebar and survey cap staked “PS 11969” at the southwest corner of the tract herein described, identical to the southwest corner of said Exception EX-4.

THENCE along the southerly boundary of the tract herein described, coincident with the southerly boundary of said Exception EX-4, N88°00’14”W a distance of 210.00 feet to the southwest corner of the tract herein described, identical to the southwest corner of said Exception EX-4.

THENCE along the westerly boundary of the tract herein described, coincident with the westerly boundary of said Exception EX-4, N03°58’37”E a distance of 1028.94 feet to the POINT OF BEGINNING.

Tract contains 4.9897 acres, more or less.

Total Net Area = 1513.4754 acres, more or less.

SANTOLINA LEVEL B PARCEL 4 EXHIBIT

DATE: 11/19/2015
REVISION NO. 0
SHEET: 3 OF 3
January 25, 2016

Mr. Joe Chavez, Chairman
Bernalillo County Planning Commission
1 Civic Plaza NW
Albuquerque, NM 87102

Re: Special Project Review – Santolina Level B Master Plan

Dear Chairman:

This request is for a Special Project Review for a Planned Community Level B Master Plan, known as the Santolina Level B Master Plan. The request for approval of this Level B Master Plan follows the Zone Map Amendment to Planned Community Zone in connection with the adopted Santolina Planned Communities Level A Master Plan. Both requests were approved on June 16, 2015. The Level A Plan Area covers approximately 13,851 acres of land that is owned by Western Albuquerque Land Holdings LLC (WALH). This proposed Level B Plan covers an approximately 4,243 acre portion of the Level A Plan area that is all owned by WALH.

The Level B Master Plan area is located on the Southwest Mesa and is generally bounded by Interstate 40 to the north, 118th Street and the escarpment open space to the east, Dennis Chavez Boulevard on the south, and the escarpment area adjacent to and just west of Shelly Drive on the west.

This application for a Level B Planned Community Master Plan and follows the Planned Communities Criteria as approved and amended by the Bernalillo County Commission. The Level B Plan includes details on land use, zoning, transportation, government and public services, utilities and infrastructure and environment and open space. A matrix outlining the Planned Community Criteria for Level B and how the Level B Plan fulfils the criterion has been included in the Planned Communities portion of The Applicable Plans and Policies section of this document. Negotiations regarding a Level B Development Agreement between WALH and Bernalillo County will be completed with Staff for the Bernalillo County Commission’s consideration.

A Level B Master Plan creates the framework for the development of a portion of the overall master planned community over a 20 to 25 year timeframe. Per the Planned Community Criteria, Level B plans require a review and recommendation by the County Planning Commission and approval by the Board of County Commission. Subsequent Level C plans will be reviewed and approved by County Staff and the County Development Review Authority. Level C plan approvals are required prior to issuance of a building permit.
General Benefits of Planned Communities
The County will receive several benefits from Planned Communities including:

- Significant economic regional planning benefits are associated with community scale master plans;
- Systems level of planning for large infrastructure, regional open space, drainage, which has the advantage of creating economically efficient economies of scale;
- Provides open, predictable process with tiered reviews;
- Avoids piecemeal plans and ad-hoc decisions;
- Encourages economic development and locates employment on the West Side;
- Provides for growth capacity in a logical area where plans have long designated it to occur, and
- Addresses MRCOG's 2040 projections for growth in the region.

JUSTIFICATION FOR REQUEST

APPLICABLE PLANS AND POLICIES
The Level A approvals (Level A Master Plan, Land Use Plan, and Development Agreement) address all of the below items. The Level B Plan further refines and defines the plans, policies, and objectives.

Albuquerque Bernalillo County Comprehensive Plan
(Goals and policies are shown in standard font format; project response is in italics)

B. Land Use

1. Open Space Network:

Goal: The Goal is to provide visual relief from urbanization and to offer opportunities for education, recreation, cultural activities, and conservation of natural resources by setting aside Major Public Open Space, parks, trail corridors, and open areas throughout the Comprehensive Plan area.

Response: The Santolina Level B Plan meets this goal through the ample provision of parks, trails, and open areas throughout the Plan Area, as well as the preservation of natural land forms and resources through the designation of more than 800 acres for parks and open space. The open space in Santolina is generally provided in three different ways; as the continuation and preservation of the slopes along the escarpment, as continuation of the escarpment overlooking the Rio Puerco basin, and as an extensive trail and buffer system around the edges of and within the first planned Santolina Level B Plan. These trails are located throughout the community and will provide pedestrian and bike
connections both as a circulation system around the community as well as providing access to the open space network.

Policy: Policy a:

Open space lands and waters shall be acquired or regulated as appropriate to serve one or more of the following specific purposes:

- Conservation of natural resources and environmental features
- Provision of opportunities for outdoor education and recreation
- Shaping of the urban form
- Conservation of archaeological resources
- Provision of trail corridors
- Protection of the public from natural hazards

Response: The Level B Plan meets and furthers this Policy. By taking into consideration and directing the geographical layout and land use decisions of the Level B Plan. The urban form has been shaped around the escarpments and arroyos that are located in the Plan Area. This approach provides for the protection and conservation of the natural resources and environmental features within the Plan Area, and also provides the opportunity to locate recreational access and trails within close proximity to residential development within the Level B Plan Area. As part of the effort toward conservation of natural resources and environmental features, and in order to minimize the risk from natural hazards, proposed development has been located in areas where the land is suitable for development. The Level A Development Agreement addresses this item.

Policy: Policy d:

The City and County shall preserve the volcanoes, key portions of the basalt flow, and the escarpment as part of the Open Space network.

Response: The Level B Plan meets this policy. By designing an open space network which protects the portions of the escarpments that are within the Plan Area. There are no basalt flows or rockoutcroppings within the Plan Area.

2. Reserve Area:

Goal: Allow opportunity for future development of high quality, mixed-use, largely self-sufficient planned communities, bounded by permanent open-space, in appropriate outlying areas, and to protect the non-urban development areas as Rural unless such planned communities are developed.
**Response:** The Level B Plan meets this Goal. The Santolina Master Plan Area is bounded by permanent open space that not only provides an amenity to the community, but is designed to protect and conserve the natural features of the land. The Level B Plan provides the opportunity for future development of high quality, mixed-uses within its land use categories. This Level B Plan area will be developed as a 4,243 acre largely self-sufficient community and provide a jobs/housing/service balance and begin to direct expected growth to this area of the County and protect the rural agricultural lands of the South Valley and Bosque. With this in mind, it is easy to see Santolina is the appropriate place for density and development to occur.

**Policy:** Policy a

A proportion of new growth may be accommodated in new planned communities in Reserve Areas. Such communities should meet the following guidelines.

- Political unification with the central urban government.

**Response:** The Level B Plan is entirely within Bernalillo County, and is under Bernalillo County jurisdiction. Furthermore, the Level B Plan area is currently within one Commission District within the County District (District 2).

**Policy:** Substantial self-sufficiency in provision of employment, goods, and public services, with at least one community center; normally, there shall be adequate jobs and housing in the planned community to support the concept of self-sufficiency; within the planned community, housing should correspond to employment opportunities as to its quantity, type and price, and location.

**Response:** As illustrated by the Level B Land Use Plan, Chapter 2, the land use mix, and the planned infrastructure improvements, the Level B Plan area will be largely a self-sufficient community, providing jobs, all levels of educational opportunities, public services, commercial services, as well as a range of housing types and price points.

**Policy:** Negotiated sharing of service costs by the developer and the local government, with water, sewer and street systems installed to meet City requirements: planned communities shall not be a net expense to local governments.

**Response:** A development agreement for the Level A Master Plan, recorded on August 21, 2015, has been negotiated and approved by the County. The executed Level A Development Agreement addresses all of these items. Further in conjunction with this Level B Plan, a more detailed development agreement will be negotiated with the County Staff and presented to the Bernalillo County Commission for its review and consideration.
**Policy:** • Transit/paratransit capability to provide service within the planned community and to connect with other urban areas.

**Response:** The Santolina Level B transportation network has been designed as a multi-modal network that will provide accessible transit both within the community as well as to the larger metropolitan area. Details of this system are located in the Transportation chapter of this Level B plan document. Further, I-40, Atrisco Vista, Central Avenue, Dennis Chavez, I-40 Frontage Road, and Shelly Road all exist today and provide regional access to the Level B Plan.

**Policy:** • Designate portions of the Open Space network to distinguish the new community from ultimate Developing Urban Area development; dedication of open space adequate to a clear sense of separation from the Plan’s contiguous Urban Area.

**Response:** The eastern escarpment is a natural land form that will provide a clear sense of separation between Level B development and the existing urban area.

**Policy:** • Variety in economic levels and types of housing within carefully planned areas to ensure capability.

**Response:** All levels of housing types and price levels will be permitted and encouraged. The residential villages within this Level B Plan area permit a variety of detached and attached single family products as well as live/work, and village scale multi-family options. The Village Center and the Urban Center are designed to encourage a broad range of residential options and niches.

**Policy:** • Contiguous acreage sufficient to meet the above guidelines.

**Response:** The Level B Plan area encompasses approximately 4,243 acres, mostly contiguous acreage entirely owned by WALH. This acreage is appropriate to define and enable the successful development of the first phase of the Santolina master planned community.

**Policy:** Policy b

Overall gross density shall not exceed three dwelling units per acre, and density transfer (clustering) shall be used to accomplish appropriate urban densities in planned communities while ensuring an open space network within and around them. Within this overall density policy, housing densities and land use mix, open space, infrastructure size and location, and other public services and facilities are to be prescribed through rank two plans or rank three plans.

**Response:** At buildout, the overall gross density of Santolina does not exceed 3 dwelling units to the acre. Total numbers of allowable dwelling units have been
allocated according to the Comprehensive Plan designations. As described in this Level B plan document, allowable dwelling units have been allocated throughout the Level B plan area in order to achieve a desirable mix of housing densities while staying within the overall Level A density restrictions. Density has been clustered into villages while allowing 23% of this Level B Planned Community to remain as Parks and Open Space with significant acreage devoted to employment uses. Allowable densities, land use mix, and infrastructure size and locations are prescribed by this Level B document.

**Policy:** Transfer of development rights to local government shall ensure the permanency of the pattern.

**Response:** The tiered approach of this master planned community (Level A, B, and C submittals) allows local government to enforce the permanency of the land use mix and maintain control over the development over time. The approved Level A Development Agreement, this and subsequent Level B and Level C plans will address ownership and management of the large open space system. In addition, the concept of gross density for the Reserve Area of the Comprehensive Plan provides for a transfer of density to those areas most suitable for residential development. The allowable density is "transferred" from the open space and employment areas.

**Policy:** Land which is already in public ownership (whether fee or easement), including Indian lands, is not considered in calculating density, but all other land is counted.

**Response:** There is no land within the overall Santolina Master Plan Area and this Level B Plan area which is in public ownership other than existing rights-of-way.

**Policy:** A carrying capacity analysis of each planned community area will identify constraints and opportunities presented by environmental, historical, cultural, archaeological, and infrastructure factors.

**Response:** The Santolina Level B Master Plan includes within the body of the document and as attached appendices, an analysis of environmental, historical, cultural, archaeological, and infrastructure carrying capacities. These criterions are more fully described in the Planned Community Criteria and this Level B submittal is in compliance with these requirements.

**Policy: Policy c**

Development within Reserve Areas shall take place either in accordance with an approved planned community master plan (up to three dwelling units per acre), or in accordance with the standards applicable to Rural Areas.
Response: The Level B Plan is the first phase of a community master plan and fulfills this requirement.

Policy: Policy d

A planned community master plan approved in accordance with this section and more specific development criteria shall serve to implement the Comprehensive Plan. A planned community master plan shall not be approved if it fails to demonstrate its own sense of place, self-sufficiency, environmental sensitivity, separation from the contiguous Albuquerque urban area by permanent open space and the provision of infrastructure which is not a net expense to the local government(s).

Response: The Level B Plan fulfills the criterion and is in accordance with more specific development criteria, which is the recently amended and approved Planned Community Criteria. The Level B Plan very clearly establishes its own sense of place, self-sufficiency, environmental sensitivity, and separation through permanent open space. The establishment of "no net expense" and infrastructure cost sharing is included in the approved Level A Development Agreement, which establishes not only "no net expense" policy to the County, but actually projects a substantial "net-positive" economic and fiscal benefit to the County. The Level A Development Agreement provides a framework for this Level B Plan and future Level B Development Agreement.

C. Environmental Protection and Heritage Conservation:

Policy: Policy b

Automobile travel's adverse effects on air quality shall be reduced through a balanced land use/transportation system that promotes the efficient placement of housing, employment, and services.

Response: This Level B Plan provides a mix of land uses that promotes reduced vehicle miles travelled through the efficient location of employment, education facilities and services, and provides a plan for a multi-modal transportation network that places a high priority on connectivity. By importing employees to new job centers within Santolina on the West Side of the river, this planned community reduces congestion and achieves a more balanced land use and transportation system.

4. Transportation and Transit

Goal: The Goal is to develop corridors, both streets and adjacent land uses that provide a balanced circulation system through efficient placement of employment and services, and encouragement of bicycling, walking, and use of
transit/paratransit as alternatives to automobile travel, while providing sufficient roadway capacity to meet mobility and access needs.

Response: The Santolina Level B Master Plan provides a mix of uses that are intended to provide safe and convenient access to all daily needs, including employment, education, commercial services and recreation. These land uses are placed within a multi-modal transportation network that focuses on connectivity and provides easy and safe access to alternative modes of transportation such as transit, biking and walking. The major street system has been defined within the Master Plan and a detailed transportation analysis is included in Chapter 4 of this Level B Plan.

6. Economic Development

Goal: The Goal is to achieve steady and diversified economic development balanced with other important social, cultural, and environmental goals.

Response: Over 60 percent of land in the Santolina Level B Plan Area is allocated to non-residential uses. One of the primary goals of Santolina is to provide economic development opportunities. The availability of large tracts of land, under the control of one developer presents an unmatched opportunity to attract large employers to this area of Bernalillo County and the State of New Mexico. The full buildout of the Santolina Level A aims for a jobs to household ratio of 2:1 and has the potential where residents can live in the same community as where they work, but also the potential to attract employees from the other parts of the region, thereby relieving some congestion pressure on the river crossings.

7. Education

Goal: Provide a wide variety of educational and recreational opportunities available to citizens from all cultural, age and educational groups.

Response: The provision of convenient access to educational opportunities is one of the primary goals of the Santolina and this Level B Plan. WALH has collaborated with various local educational providers and plans to continue this collaboration through future planning efforts. The Urban Village identified by this Level B Plan provides a unique mix of civic and higher density private uses and is the potential location for future APS and CNM educational campuses. Furthermore, three elementary school sites have been identified within the Village Verde Residential Village. This concept is more fully explained in the Land Use chapter of this Level B plan document.
Southwest Area Plan

Natural Environment and Rural Community

Goal: One of the primary intents of the Southwest Area Plan is to ensure that development is compatible with and provides for the protection of the environmental and cultural conditions of the South Valley.

Response: The Plan addresses Water Quality, Soils, Open Space, and preservation of natural environmental elements. The Level B Plan meets the applicable policies of this section and also follows the overall intent of these policies, including:

Water Quality: Water service is anticipated to be provided by the Albuquerque Bernalillo County Water Utility Authority (ABCWUA). WALH is working with ABCWUA to develop a plan for the provision of safe, quality drinking water, the protection of groundwater, and the conservation of our precious water resources. WALH will coordinate agreements with the ABCWUA on the implementation of this plan. WALH will pay water supply charge (WSC) to ABCWUA. ABCWUA will use WSC to incorporate how water supplies and sources and/or re-use technology.

Soils, Natural Depressions, Escarpments, and Open Space: The Southwest Area Plan calls for the consideration of soil suitability when proposing development. The Level B Plan places great importance on creating a framework for development that respects the natural environment, including soil suitability, and erosion prevention. An analysis of the soil conditions in the Level B Plan area is included in the Environment and Open Space Chapter of the Plan.

In locations where it was determined that the soils and/or other natural elements, such as natural depressions, and/or escarpments created conditions were not suitable for development, these areas are being proposed as open space, as indicated by the Level B Land Use Plan.

Rio Puerco Escarpment: The portion of the Level B Plan Area which is within the Rio Puerco Escarpment has been proposed as Open Space. Please refer to the Level B Land Use Plan for the proposed Public Open Space is located in the Land Use Chapter of the Master Plan.

Agriculture: The Southwest Area Plan expresses the intention to support and encourage agricultural activity within the South Valley. The South West Area Plan explains how agriculture as a continued land use is being threatened due to the loss of agricultural land to residential and commercial development. The approval of the Level A Santolina Master Plan and this Level B Plan helps to achieve the objective of retaining the agricultural character of the Valley by
providing a more suitable, well planned location on the mesa top for future needed residential and commercial development.

**Built Environment**

The Santolina Level B Plan Area falls within the Southwest Area Plan Residential Area 1. The Southwest Area Plan does not specifically call out the Plan Area regarding policies related to Residential Area 1. The Santolina Level B Plan follows the Planned Community Criteria for a Level B Plan submittal and the Albuquerque Bernalillo County Comprehensive Plan regarding density and land use. The Comprehensive Plan designates the Plan Area as Reserve and intended for a Master Planned Community.

**Policy:** Policy 31 Land use changes adjacent to Paseo del Volcan, Dennis Chavez Boulevard (Rio Bravo) and Unser Boulevard shall be permitted if it conforms to the following:

**Response: Archaeological Sites:** A Class II archaeological study has been conducted, meeting the Planned Communities Level B Plan requirements. This study has been submitted to Bernalillo County as a part of this Level B Master Plan application. Recommendations and findings are summarized within Chapter 5 of this Level B Master Plan. Recommendations and mitigation strategies contained in this study will be followed according to State Historic Preservation Office requirements.

**Transportation:** The Level B Plan transportation network can be found in the Transportation Chapter. This proposed network and roadways has been reviewed by the Mid Region Council of Governments.

**Community Involvement and Services**

**Goal:** Transit, Bikeways, and Pedestrians: The Southwest Area Plan emphasizes the importance of providing for multi-modal travel.

**Response:** The Level B Plan includes a Transit, Pedestrian, and Bikeways Master Plan in the Transportation Chapter. As part of the goal to reduce vehicle miles traveled, Santolina places significant importance on transit. The Level B Plan incorporates multi-modal travel with an emphasis on walkability and transit, and has as a goal a transportation and circulation system that allows for transit connections throughout the community, creates links between village and urban centers and residential villages, and provides opportunities for alternative modes through an extensive network of trails and bikeways.
Economic Development

Goal: The Southwest Area Plan emphasizes the need for economic development and more jobs on the west side of the river. It states that residents have expressed a desire for "jobs, livable wages, and employment opportunities."

Response: As prescribed by this Level B Master Plan, the first phase of Santolina will provide a sustainable community where jobs and educational opportunities are plentiful and locally accessible. Based on the proposed land use types and acreages, this first Level B Plan is projected to provide approximately 11,000 jobs. This is a jobs/housing is significantly greater than the existing 6 jobs to housing balance on the West Side and the 1.2 jobs to housing balance County wide. Santolina at full buildout is expected to maintain a 2:1 jobs to housing ratio. This first phase and full buildout of Santolina will become a net importer of jobs, and the traffic study has shown that it relieves congestion at river crossings in addition to providing new economic opportunity to Bernalillo County residents. See Level A Development Agreement for more specific details and requirements.

Westside Strategic Plan

Westland South Community

Goal: The West Side Strategic Plan identifies the Santolina Plan Area as a Planned Community, planned in conformance with the Planned Communities Criteria. The West Side Strategic Plan notes two significant natural features that cross the Santolina Master Plan Area; the Southwest Mesa Escarpment and the Amole Arroyo. As advised by the West Side Strategic Plan, both of these features have been proposed as open space in the Santolina Level A Master Plan. The West Side Strategic Plan policies that are relevant to this application are listed below with the policy shown in standard font and the project response in italics:

Policy: Policy 3.63a: Support the location of mixed-use development that includes multi-family residential developments within designated Activity Centers in the Westland South Community.

Response: The Level B Plan defines land use districts within the Level B Plan area, that include designations for an Urban Center and a Residential Village and supporting Village Center. These centers encourage mixed use development that include multi-family residential.

Policy: Policy 3.63b: Locate new public facilities for the West Side in the Westland South Community as it is developed. In designated Activity Centers,
co-locate public facilities with combinations of retail and/or commercial services that will serve the surrounding community.

**Response:** The Level B Master plan defines land use districts within the Plan Area. The Level B Land Use Plan located in the Land Use chapter of the Master Plan, identifies parcels for schools, parks, open space, and trails within the Master Plan Area. The intent for the Urban Center is a unique mix of civic and higher density private uses, including some retail and commercial services.

**Policy:** Policy 3.64: The City of Albuquerque Open Space Division, Open Space Advisory Board, and the Bernalillo County Parks Department shall discuss with the landowner the method and timing of transferring the Southwest Mesa Escarpment Sandhills Open Space into public ownership.

**Response:** Bernalillo County Open Space will coordinate the ownership and maintenance of Major Public Open Space.

**Planned Community Criteria**

Bernalillo County recently reestablished and approved the Planned Community Criteria. The Planned Community Criteria was established as a framework for how planned communities should develop within the Reserve Areas designated by the Albuquerque Bernalillo County Comprehensive Plan. As illustrated in the following matrix, this Level B Master Plan meets the Planned Community Criteria for a Level B Plan.

As previously stated, this Special Project Review request is for the review and approval of a Santolina Level B Master Plan. We respectfully request that the Bernalillo County Planning Commission review and recommend approval and the Bernalillo County Commission approve this Santolina Level B Master Plan. Approval of this Plan will provide a sound and flexible framework for the Level C Plan of the Santolina Master Plan area over the long term. The Santolina Master Plan will provide for the orderly basis for meeting the existing and future growth demand of the region, prevent the piecemeal development of this area, provide needed jobs and commercial service opportunities to the Southwest Mesa, provide significant economic fiscal benefits to the County, connect key regional infrastructure links, and has the potential to be an economic development catalyst for Bernalillo County and the State of New Mexico.

Please feel free to call me at (505) 764-9801 with any questions that you might have.

Sincerely,

James K. Strozier, AICP
Principal
January 25, 2016

Mr. Joe Chavez, Chairman
Bernalillo County Planning Commission
1 Civic Plaza NW
Albuquerque, NM 87102

Re: Response to Santolina Level A Master Plan Conditions of Approval

Dear Chairman:

The following explains how we have addressed the Board of County Commissioner’s (BCC) conditions of approval for File # SPR-20130004, A Planned Communities Level A Master Plan called the Santolina Master Plan, approved on June 19, 2015.

CONDITIONS OF APPROVAL FOR THE SANTOLINA LEVEL A MASTER PLAN

Development Agreement/No Net Expense Agreement

1. A Level A Development Agreement shall be entered into between Bernalillo County and the applicant which reflect this approval and a) clearly identifies responsibilities for development of and infrastructure and other facilities in Santolina; b) requires a link between housing and employment development in Santolina; c) maintains an overall residential density that is consistent with the Albuquerque/Bernalillo County Comprehensive Plan density requirements and is included in the Santolina Level A Plan; d) shall adhere to water use and conservation requirements of Bernalillo County and the Albuquerque/Bernalillo County Water Utility Authority.

The Level A Development Agreement was entered into between Bernalillo County and Western Albuquerque Land Holdings on August 10, 2015. The Development Agreement was officially recorded on August 21, 2015.

2. Bernalillo County and the applicant agree on the "no net expense" clause of the Planned Community Criteria. Nothing in any development agreement shall commit this Commission and future Commissions to public funding or financing mechanisms.

The Level A Development agreement defines this policy on lines 24 through 32, page 9: "The Comprehensive Plan provides that planned communities shall not be a net expense to the County. The "no net expense" policy is a mutual commitment to achieve the goal of a responsible balance of infrastructure costs, including construction, operation and maintenance, shared between the public and private sectors. The "no net expense" test is satisfied if the County’s on-site public expenditures and off-site public expenditures reasonably allocated to the Project have been, or will be, offset by revenues and/or economic and fiscal benefits (direct, indirect and induced) from the Project."
Jobs-housing

3. The Santolina development shall achieve a reasonable balance between residential uses and employment uses such that it maintains the characteristics of a self-sustaining community. As stated in the Santolina Level A Master Plan, an approximate jobs to housing ratio of 2:1 shall be achieved with a goal of creating no less than 75,000 jobs as indicated in the Level A Santolina Plan at the time of full buildout of Santolina. A plan for attaining the ratio shall be provided in subsequent Level B Plans, such that the anticipated job development shall occur in relation to residential development.

This Level B Plan sets the stage for achieving the jobs to housing ratio set out by the Level A Development Agreement per the following table from the Level A Development Agreement:

<table>

*See Section 4.4 of the Level A Development Agreement for more details.

We are anticipating over 9,000 dwelling units for the first Level B Plan, which requires 1.25 jobs per dwelling unit full build out of the Level B Plan area. The Level B Plan provides for this requirement.

Transportation

4. The applicant will submit a proposed Level B Transportation Plan consistent with the Level A Transportation Master Plan, as revised, of the Santolina Level A Master Plan, prior to a Level B approval or future development activities such as building permits, that generate 500 or more cumulative peak hour trips when upon coordination with the developer BCPWD deems it necessary.

a. The Santolina Access Management Plan (SAMP) with the Traversable Median column added to Access Spacing Standards Table on Page 3 is approved. The SAMP shall be added to the Santolina Level "A" Transportation Master Plan.

This has been completed.

b. Revise the Level A Transportation Network model as required by BCPWD. Revisions/reanalysis shall include, but not be limited to, the 118111 St./I-40 interchange, the new proposed arterial roadways, the new urban center layout, and any other changes to the Santolina roadway network. In accordance with PCC criteria, when substantial variations
are identified to the Level A Master Plan, subsequent revision/reanalysis of the Level A Transportation Network model shall be required, when upon coordination with the developer, BCPWD deems it necessary.

The overall Level A Plan has been re-modeled per this condition.

c. All appropriate items in the Addendum to the Transportation Master Plan dated November 4, 2014 shall be placed in the appropriate Level A document.

These have been incorporated into the Updated Level A Transportation Master Plan.

5. Written approval from the proper state and/or federal authority will be obtained prior to the improvement or expansion of State roads identified in the Level A submittal. NMDOT and FHWA (Federal Highway Administration) review and approval will also be required for any required modifications and improvements to Interstate 40 as a result of the development of Santolina and its roadway network. Future coordination with NMDOT and FHWA will be done in subsequent procedures including the Metropolitan Transportation Plan, the Transportation Improvement Plan and the State-wide Transportation Improvement Plan. The coordination of timeframes for the offsite roadway improvements and the Plan phasing will also need to be identified.

Coordination with these agencies is and will be ongoing.

6. Funding for arterial streets and linkages, which are needed for Santolina and not programmed in the Bernalillo County Capital Improvements Program (CIP) or the Metropolitan Transportation Plan (MTP), shall be identified and submitted to the County for recommendation for inclusion in the CIP or the MTP.

The MTP already has placeholders for Santolina arterials and collectors, pre 2025 and post 2025. This is something the applicant has and will continue addressing as studies are reviewed and presented to the County and shared with MRCOG.

Utilities/Drainage/Stormwater/Wastewater Management

7. The submitted Drainage (Stormwater) Master Plan, dated December 1, 2014, contains an addendum which includes minor inconsistencies within the calculations to the revised Land Use Master Plan. However, these inconsistencies do not alter the concept of the overall Drainage Master Plan and therefore are acceptable for this Level A Master Plan. The applicant must provide a Drainage (Stormwater) Master Plan consistent with the proposed Level A Master Plan with any Level B submittal.

This is addressed in the accompanying Drainage Master Plan.

8. Prior to approval of any Level B or Level C planning document, the applicant will provide a fully executed development agreement with the ABCWUA. The development agreement should be structured to ensure compliance with the ABCWUA's existing guidelines, policies, and
ordinances and as may be amended from time to time. The development agreement should, at a minimum, address residential, industrial, institutional and commercial water conservation provisions, guidelines, and design standards. The development agreement should, at a minimum, address infrastructure improvements, direct and indirect potable reuse, and water supply charges, as well as provide; a Phasing Plan consistent with ABCWUA policies. This condition shall in no way constrain the ABCWUA from imposing such requirements as it may deem necessary.

*We are coordinating with the ABCWUA staff regarding Santolina.*

9. Prior to approval of any Level B or Level C document, the applicant shall, based on the approved ABCWUA development agreement, provide to the County a written explanation of the projected Master Plan water use and phasing and the subsequent level plans within the context of the 2024 Water Conservation Plan Goal and Program Update (July 2013) or subsequent updates.

*The water master plan is included in this submittal and we are in discussion with ABCWUA.*

10. Prior to approval of any Level B or Level C planning document, the applicant shall provide to the County a water conservation plan that is compliant with Bernalillo County and ABCWUA's guidelines, standards and requirements and which achieves the conservation goals expressed in the Bernalillo County Ordinance and ABCWUA's 2024 Water Conservation Plan Goal and Program Update, July 2013 and which requires compliance with subsequent revisions of the such guidelines, standards, requirements, and plans. Residential development shall occur in a sequential manner adjacent to existing infrastructure and consistent with ABCWUA's policies.

*This will be completed in concert with the ABCWUA. The Level B submittal addresses all County requirements.*

11. Water and wastewater issues for the Santolina Master Planned Community shall be resolved between the Albuquerque/Bernalillo County Water Utility Authority (ABCWUA) and the applicant prior to any Level B approval. An agreement between the applicant and ABCWUA and regarding timing, responsibilities, and maintenance of water and sewer facilities required to service Santolina will be developed and agreed upon prior to any Level B approval.

*Agreed, this will be completed.*

12. A drainage plan and stormwater management plan shall be submitted at the time of any Level B submittal with provisions for revision as needed to ensure consistency with any EPA-issued municipal separate stormwater system permit provisions or requirements as issued for the Urbanized Area of Bernalillo County.
We are providing a drainage and stormwater management plan as part of this Level B application.

**Air Quality**

13. Prior to any Level B Plan approval, the developer shall provide documentation that the proposed development will comply with Albuquerque/Bernalillo County Air Quality Standards and will demonstrate the intent to comply with air quality standards established by the Environmental Protection Agency (EPA).

*The submitted Level B Plan addresses this condition.*

**Parks, Open Space and Trails, Archaeological Resources**

14. Development of Parks, Trails, and Open Space shall comply with the Level A Master Plan. The location of open space corridors shall be developed in accordance with the requirements of the Planned Community zone with regard to the transportation grid. If the more detailed plan deviates significantly from the intent and framework established in the higher level plan, especially in terms of fiscal impacts, then the higher level plan would need to be amended.

*This submitted Level B Plan addresses this condition.*

15. The Planned Communities Criteria requirements regarding the study and mitigation of archaeological and geotechnical resources shall be followed in Level B and Level C Santolina Plans. Prior to any Level B approval, documentation regarding the completed study and mitigation measures within the Level B Plan area shall be provided.

*The Archaeological study shall be completed prior to the Level B Plan being approved, or the Level B Plan approval can be contingent on such work.*

**APS**

16. The developer will work cooperatively with APS to locate school sites within Santolina, which will be made available to APS on mutually agreeable terms and conditions.

*The level A Development Agreement and Level B Plan address this item.*

17. Level B and C Plans shall be required prior to development of the Santolina Level A Master Plan Community. Level B and C development agreements, as prescribed in the Planned Communities Criteria, shall be provided. Consistency between Level A, Level B, and Level C plans shall be required throughout the development of Santolina. If the more detailed plan deviates significantly from the intent and framework established in the higher level plan, especially in terms of fiscal impacts, then the higher level plan would need to be amended.

*This Level B application satisfies this condition.*
Development of Santolina and Plan Amendments

18. The Santolina Development Agreement shall include a section that pertains to Interim Uses. This section shall indicate that all sites within the Santolina Level A boundary area governed by a Special Use Permit or any site expected to be developed with local, state and/or federal support shall be governed by Sections 18, Special Use Permits and Section 24, Administration of the Zoning Code until a Level B Plan, affecting such site, has been adopted by Bernalillo County. No special use permit shall be issued without a demonstration of available necessary infrastructure and utilities, including water, electricity and sewer, to be installed before, or concurrently with, development of the site. No building permits shall be granted on all remaining sites until Level C plan affecting the subject property have been approved. Any subdivision will occur in compliance with the County's Subdivision Ordinance.

The approved Level A Development Agreement and this request for a Level B Plan satisfies this condition.

19. Prior to or concurrent with the first Level B Plan approval, the subject Level A master planned property shall be legally platted (the "Boundary Plat"). A summary plating procedure, such as that allowed for 'a minor subdivision' under County ordinances, shall be permitted for the Boundary Plat, and for any subsequent plating actions prior to a Level C plan or a Level C subdivision plat approval. The Boundary Plat and any subsequent plats submitted in advance of a Level C plan or a Level C subdivision plat approval shall provide legal access (easements) to all existing and proposed tracts within the platted area, but infrastructure installation or guarantee shall not be required prior to Level C plan or Level C subdivision plat approval, because, before building permits can be granted or development can proceed, additional land use approvals and infrastructure installation and/or guarantees are required at the Level C Plan approval stage and/or at the Level C subdivision plat approval stage.

We are taking steps towards plating the Level A master planned property.

20. Minor corrections to the plan, such as typographical and grammatical corrections, editorial changes agreed to by County staff, or small changes to acreage related to surveying may be incorporated in the final, adopted version of the plan.

These changes have been made and incorporated into the approved Level A Master Plan.

21. The request shall comply with all applicable Bernalillo County ordinances and standards.

This submittal complies with Bernalillo County ordinances and standards.
22. The applicant shall make the following modifications to the Level A Plan (dated 12/1/14) as required by staff and agencies:

a. Chapter 4, Zoning, p. 47. Add the following sentence under Level A Governance and Interim Uses (after ...Bernalillo County ...) "No building permits shall be granted on all remaining sites until a Level C plan affecting the subject has been adopted."

b. Change the language "publicly funded" on page 92 to "proposed for public funding."

c. Chapter 6, Transportation, Level A Master Plan on page 95: remove the sentence "The policy supersedes other policies that may be in place for roadways within Santolina" regarding the SAMP, and remove "(by others)" regarding the extension of Gibson Boulevard.

d. Exhibit I must be corrected to indicate that the Westland Master Plan was approved by both Bernalillo County and the City of Albuquerque. The Board of County Commissioners approved the Master Plan as a Rank III Plan in accordance with the Comprehensive Plan. The City of Albuquerque also approved a separate Sector Development Plan for the portion of the Master Plan that has been annexed.

These changes have been made an incorporated into the approved Santolina Level A Master Plan.

Please do not hesitate to contact me at 764-9801 with any questions or additional information you may need.

Sincerely,

REVISION: 8.1
Santolina Level B Master Plan
Fiscal and Economic Impact Study
Bernalillo County, New Mexico

PURPOSE:
The purpose of the Fiscal and Economic Impact Study is to provide a detailed summary of the projected fiscal and economic impacts to the County of Bernalillo (the "County") as a result of the development of the Santolina Level B Master Plan (the "Project"). The significance of the fiscal analysis is to determine whether development is generating enough revenues for the County to fully offset expenditures for services that are provided on its behalf by the County. Whereas, the economic analysis evaluates (i) additions to regional output (gross receipts, sales, or operating budget), (ii) earnings (the sum of wages and salaries, proprietors’ income, and other labor income), (iii) employment (number of jobs), and (iv) the jobs-housing balance.

This is specifically done to satisfy the “No Net Expense” element of the County’s Planned Communities Criteria ("PCC") and the executed Santolina Level A Development Agreement.

METHODOLOGY:
The Study analyzes the recurring fiscal impacts of the Santolina Master Plan’s development on the General Fund of the County. Importantly, because one-time revenues typically offset one-time impacts, the Study does not address one-time revenues (except for estimating gross receipts taxes from construction activities) and focuses primarily on recurring revenues. Likewise, revenues that are considered to be non-recurring, such as development impact fees paid by the developer, are also excluded from the fiscal model. In sum, the fiscal model reflects the estimated recurring annual deficit or surplus to the County’s general fund that will result from the development of the Project. The Study also identifies the general economic impacts on the County in terms of employment, gross receipts, and earnings creation for residents and workers of the County and Project.

Fiscal Impacts:
The fiscal impacts projected are based generally on the Multiplier Methodology and in particular the Per Capita-Employee ("Persons Served") Methodology. To project several recurring fiscal factors, the Study employed the Per Capita-Employee ("Persons Served") Methodology and for major revenue sources, e.g. property tax and gross receipts tax, the Study employed the Case Study Methodology.

Economic Impacts:
DTA’s economic impact analysis incorporates two stages of the development process: construction and operations. To conduct the economic impact analysis, DTA used Version 3 of the IMPLAN economic modeling system and operated under the assumption that each phase has three (3) economic effects:

1. Direct: Caused by the additional output of goods and services from a specific land use.
2. Indirect: Ripple effect among all of the industries whose outputs are used by the land use and its overall supply chain.
3. Induced: Arise when employment increases in a region and stimulates greater household spending.
RESULTS:

Recurring & One-Time Fiscal Impacts:
The model reflects the estimated recurring surplus to the General Fund of the County that will result from the development of the Project. Results are summarized below:

<table>
<thead>
<tr>
<th>Fiscal Impact Category</th>
<th>General Fund</th>
<th>General Fund + Dedicated Funds</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Annual Recurring Revenues</td>
<td>$19,450,443</td>
<td>$28,095,853</td>
</tr>
<tr>
<td>Total Annual Recurring Costs</td>
<td>($11,805,126)</td>
<td>($11,805,126)</td>
</tr>
<tr>
<td>Total Annual Recurring Surplus/(Deficit)</td>
<td>$7,645,317</td>
<td>$16,290,727</td>
</tr>
<tr>
<td>Total Annual Revenue/Cost Ratio</td>
<td>1.65</td>
<td>2.38</td>
</tr>
</tbody>
</table>

The County will enjoy a significantly positive fiscal impact as a result of new development. As an example, for every one dollar ($1.00) incurred by the County in providing County services to the Project, the County will get at least $1.65 back in new Project revenues. Additionally, as noted below, the one-time (construction) gross receipts tax revenues flowing to the County, over the buildout of the Project, are substantial.

<table>
<thead>
<tr>
<th>Fiscal Impact Category</th>
<th>Amount ($)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total One-Time (Construction) GRT</td>
<td>$35,726,000</td>
</tr>
<tr>
<td>General Fund</td>
<td>$17,863,000</td>
</tr>
<tr>
<td>Non-General Fund</td>
<td>$17,863,000</td>
</tr>
</tbody>
</table>

One-Time & Recurring Economic Impacts:
Each of the tenants for the Project’s numerous and varied land uses will have construction (one-time) and ongoing/recurring operating expenses. These construction (one-time) and annual operating/recurring costs drive additional spending in the economy. The spending creates recurring economic impacts that once again have direct, indirect, and induced expenses. The results of the economic phase of the Study are summarized below:

<table>
<thead>

</tr>
</tbody>
</table>

Simply put, the Santolina Level B Master Plan will serve as an invaluable anchor for the Bernalillo County economy. As can be seen by the results of this Study, the Project will provide long term fiscal and economic benefits to the County, as well as local school districts, the University of New Mexico, the surrounding area, and the entire State of New Mexico.
